Class History

In the fall of 1941, forty-three frightened and very much bewildered children came to school for the first time. Of these, twelve were destined to graduate from good old Huntington Twp. They were Joanne Reed, Bob Gordon, Ronald Yake, Jerry Tobin, Max Thrasher, Richard McHenry, Burdell Hildebrand, Dean Barton, Dick Benson, Fred Ditton, and Devoe Cobbs. The class was divided and the teachers were Mrs. Steele and Miss Michels. Starting the second semester we had another member, he was Gale Ruschhaupt from Lancaster.

Finding that school wasn't so bad after all; we found ourselves ready for the second grade. Our class was again divided, this time between Mrs. Vernerder and Miss Borders. The class was again increased by the addition of Mary Merryman from Riley and Donald Vickery from Rock Creek.

Starting to get used to the old grind we again found the class divided between Mrs. Vernerder and Miss Fleck. The new faces in the class were Carolene Robbins from Bippus, Anita Stricker from State Street School, and David Ellet from Huntington Catholic.

We started the fourth grade with Miss Gesaman as our teacher and this time the class was not divided. The new addition to the class was Barbara Harrell from Salem.

The fifth was really a thrill because we were having our first man teacher Mr. Kitt, who disliked spelling as much as we did, instead he read stories to us. The new additions were Regina Rinehart from Horace Mann and Donna Keplinger from Jefferson.

Starting to feel that we were really getting along in school we were finally ready for the sixth grade. Our teacher was Miss Bitner. The new members of this class were Waneta Frantz and John Gibson from Lincoln, and Richard Johnson from Roanoke.

Now that we were finally in Junior High, we felt as if we were Big Wheels. Our Sponsor was Mr. Pence.

In discovering how things are run we entered the eighth grade. Again our sponsor was Mr. Pence. The class was two members less this year because of Anita Stricker and Richard Johnson moving away.

Then we were in high school and a little confused about majors, minors, and credits. Our sponsor was Miss Link. The newcomers were Frank Garrison from Clear Creek and Spencer Fisher who came in the last part of the year from Lancaster.

As we were getting adjusted to high school we started our Sophomore year. Our sponsor was Mrs. Davis. The class was missing one member, this being Gale Ruschhaupt. Also Richard Johnson was back from a year at Union.

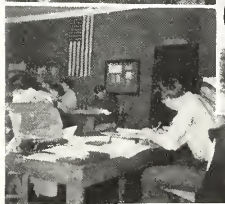

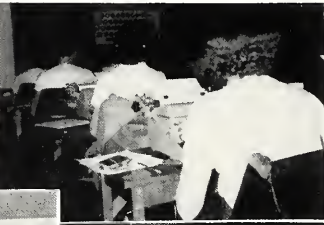

With a host of new activities and duties to attend to we started a very busy Junior year. Our sponsor was Mrs. Johnson. There were three new members although two had previously attended school here. They were Anita Stricker, this time from Larwill, Gale Ruschhaupt from Huntington High, and Paul Shull from Cochran, Pennsylvania.

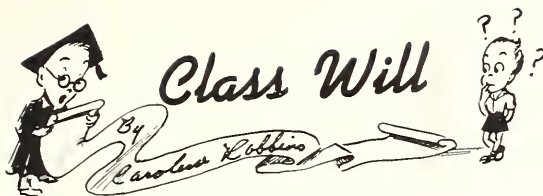

At last we were finally to the point that we had dreamed about ever since we were in the first grade. Our sponsor for this, our Senior and very last year, was Mrs. Johnson.

Prophecy

We are four persons of the class of "54" who are working for the Fullest Brush Company. Our job is to supply the salesmen with brushes and to do this we have to travel through many cities.

In Denver, Colorado we ran into Mary Alice Merryman who told us that she operated a tutoring school for "men only". She wouldn't tell us what she tutors them in. Good luck, Mary.

Mary Alice told us that Gale Ruschhaupt had been trying for ten years to work his way to the top of the banking business. He works at The First National Bank of Denver and at last has reached the top. I suppose it took him so long because he had to wash the windows as he went. There are only 999 999 999 windows in the building. He broke one so he didn't have to wash that one.

Chicago was our next stop and of course we decided to take in a ball game. At the game we saw Dean Barton with two bats in his hands, swinging away like mad. He stepped up to the plate and handed them to Jackie Robinsin. Dean makes an efficient bat boy. From Dean we found that Joanne Reed had gone into the modeling business, modeling for calender art.

On our way out of the ball park a large billboard drew our attention. It was Rover the dog advertising this slogan, "When Your Dog Is Sagging Use Wagging", for the Wagging Dog Food Company. The illustration of Rover was done by Dave Ellet who has become quite successful in the field of commercial art.

While in Washington, D. C. we ran into Bob Gordon and found that he had a good job with the government. As a matter of fact, he is in and out of all the top offices each day. He "clears" up problems for the big shots. (He keeps the waste paper baskets empty.)

It was suggested that we take a taxi to see the sights of Washington. Getting into a cab we found that Spencer Fisher had designed his own cars and started a cab station called the Car-Pet Cab Company.

The next stop was New York City. Here we attended a night club and to our surprise found Anita Stricker to be the hat check girl. Anita told us that Ronnie Yake and Richard Johnson were now in the cleaning business. Ronnie pushes the cart while Richard pushes the broom. When we were talking to Anita, Jerry Tobin stopped in and he informed us that he was the coach for the "Dead End Kids".

Starting for Indiana, we decided to go through South Bend. While walking down the street whom should we see but Barbara Harrell, who told us she had a full time job now. She is kept quite busy taking care of 15 children. No, they are not hers, she manages a day nursery for pre-school children. Barbara told us that Regina Rinehart was now playing the violin on Arthur Godfrey's Wednesday night TV program.

While in South Bend we saw Fred Ditton who informed us that he was now the head bookkeeper at the city dog pound.

Before coming back to the old home town, we drove to Indianapolis where we saw Richard McHenry and Paul Shull. They had gone into the collecting business in a big way, as they had their own truck and office. The only drawback, they weren't making very much money. This situation couldn't have been caused by the fact that they were collecting garbage, could it? Richard and Paul told us that Donna Keplinger has finally gotten into show business. Most anytime you attend the "Fox Theater" you will see her right out in front. (Don't get the wrong idea, she sells the tickets.)

Coming into Huntington we saw Carolene Robbins dragging a little boy up the steps of the Huntington Township School. She told us she was now the truant officer for Huntington County.

We met Burdell Hildebrand and he said that he had started training to become an undertaker. He said that the business would be very dead when he finally got his training. Burdell told us that Devoe Cobbs was playing at a very popular night spot. (Doc's)

While in Huntington we heard that Dick Benson and John Gibson had gone into the banking business. They work nights after everyone else has gone home. Now we know where they got all of those ten dollar bills. We talked to Frank Garrison and he told us that he had gotten a promotion at Caswell Runyan last week. He is now running errands for his foreman.

Frank told us that Waneta Frantz has a very tacky job, removing tacks from the soles of shoes in a shoe repair shop. He also told us that Max Thrasher was washing bottles for the Coca Cola Company in Fort Wayne.

We also learned from Frank that Don Vickery was working his way through college by shining apples. We wonder who he shines them for?

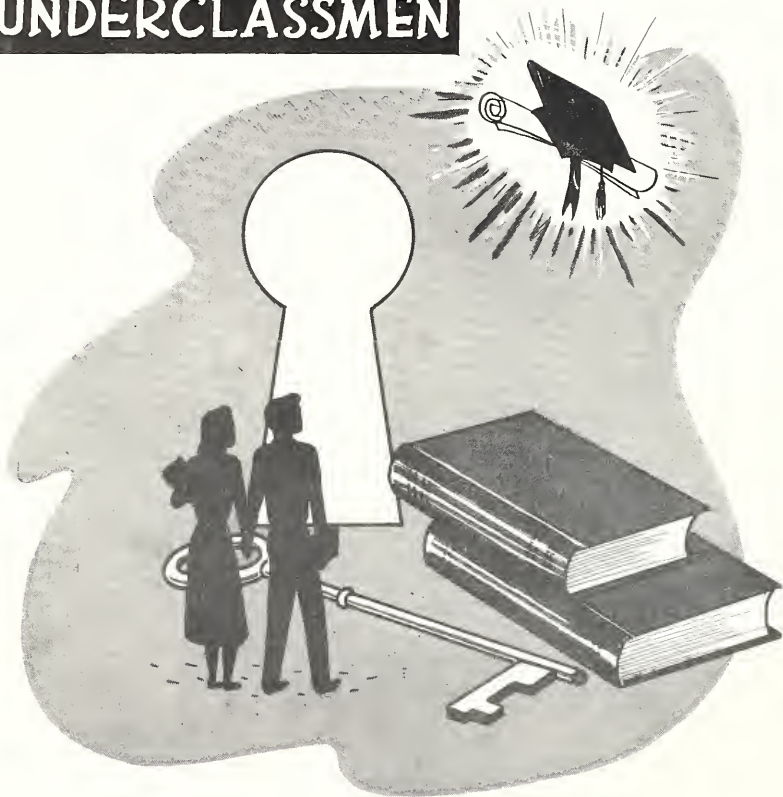

After finally getting our business taken care of in Huntington, we were looking forward to a much needed rest in the Rocky Mountains. As we were leaving the Rest Easy Hotel we were greeted by a messenger who had a telegram for us. It informed us that we had taken too much time visiting instead of working and we would have to attend a special school in Albany, New York for employees of The Fullest Brush Company who waste time. We really didn't mind too much as it was interesting to find the whereabouts of the former Huntington Township Seniors of '53.

The play was about a young girl who inherited a large estate from her Aunt. The terms of the will stated that she must live there one year before it would belong to her. Her cousin tried to frighten her away from the house by making her believe it was haunted by a phantom tiger who had a mysterious collar of jewels stolen from about its neck. This leads to a swell mystery filled with excitement, humor, and romance.

INDOOR FAIR

King:
Burdell Hildebrand

Queen:
Donna Keplinger

The Indoor Fair held October 10, 1952 and sponsored by the Band Parents was a huge success. The Seniors had the honor of having two of their class members chosen for the reigning King and Queen. Two nominees were chosen from each class.

Juniors	: Carol Solloway; Ronnie Motz
Sophomores	: Betty Day ; Gordon Swain
Freshmen	: Carolyn Krider; Marvin Beady
Eighth Grade	: Nan Herrick ; Jackie Colgan
Seventh Grade	: Patty Hawkins ; Dean Merryman

The King and Queen of the fair were selected by popular vote. Each vote cost one penny. The King and Queen were crowned by last years King and Queen, Gene Smith, a graduate of '52 and our own Regina Rinehart. Those pennies will help the Seniors on that Washington Trip.
